

Reading Weather Signs

Explore how First Nations Australians gather and use information from the environment – watching the sky, land, plants and animals – to read the signs and predict weather events.

Observe

Watch the sky, land, plants and animals.

Read the signs

Notice what each sign is telling you.

Predict

Say what weather may be coming.

Signs in the sky predict the weather.

dark clouds

sign of

Rain coming

clear sky

Modelling routine

1 I do

Point to dark clouds and say “this sign means rain”.

2 We do

Look at more signs together and predict the weather.

3 You do

Children read a sign and predict what will come.
