

Order the Day on a Line

Peg pictures of daily events along a string line across the room, in the order they happen — then justify each spot using morning, lunchtime, afternoon and night time.

Peg in order

Clip event pictures along the string, left to right, as the day unfolds.

Name the time

Say when each one happens — morning, lunchtime, afternoon or night.

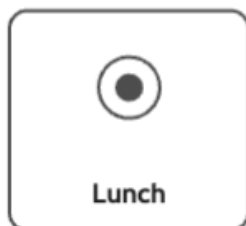

Justify it

"Dinner goes here because it happens at night time."

Peg the pictures in order along the line.

morning

lunchtime

afternoon

night time

Modelling routine

1 I do

Peg one picture and say "breakfast happens in the morning".

2 We do

Place the next pictures together and name each time of day.

3 You do

Children order the pictures and justify where each one goes.
