

Your Turn: Leaf Games

Use the leaves to tell each story. Add the leaves that join and take away the ones that leave, then write how many.

1 Add the leaves

Some leaves join the story. Write how many leaves altogether.

Three leaves, then two more join.

$$\begin{array}{|c|c|c|} \hline \text{leaf} & \text{leaf} & \text{leaf} \\ \hline \end{array} + \begin{array}{|c|c|} \hline \text{leaf} & \text{leaf} \\ \hline \end{array} = \square$$

Four leaves, then three more join.

$$\begin{array}{|c|c|c|c|} \hline \text{leaf} & \text{leaf} & \text{leaf} & \text{leaf} \\ \hline \end{array} + \begin{array}{|c|c|c|} \hline \text{leaf} & \text{leaf} & \text{leaf} \\ \hline \end{array} = \square$$

2 Take the leaves away

The crossed leaves are taken away. Write how many are left.

$$\begin{array}{|c|c|c|c|c|} \hline \text{leaf} & \text{leaf} & \text{leaf} & \text{crossed leaf} & \text{crossed leaf} \\ \hline \end{array} = \square$$

$$\begin{array}{|c|c|c|c|c|c|c|} \hline \text{leaf} & \text{leaf} & \text{leaf} & \text{leaf} & \text{crossed leaf} & \text{crossed leaf} & \text{crossed leaf} \\ \hline \end{array} = \square$$

3 Add then take away

Five leaves are placed. Two more join, then four are taken away. Write how many are left.

$$\begin{array}{|c|c|c|c|c|c|c|} \hline \text{leaf} & \text{leaf} & \text{leaf} & \text{crossed leaf} & \text{crossed leaf} & \text{crossed leaf} & \text{crossed leaf} \\ \hline \end{array} \quad \text{left} = \square$$
