

# Your Turn: Add & Take Away

Join groups to add and cross out to take away. Count or subitise, then write how many.

## 1 Add the groups

Join both groups. Count or subitise, then write the total.

|  |   |  |   |                      |
|--|---|--|---|----------------------|
|  | + |  | = | <input type="text"/> |
|  | + |  | = | <input type="text"/> |
|  | + |  | = | <input type="text"/> |

## 2 Take away

The crossed-out counters are taken away. Write how many are left.

|  |   |                      |
|--|---|----------------------|
|  | = | <input type="text"/> |
|  | = | <input type="text"/> |
|  | = | <input type="text"/> |

## 3 Count on to add

Start at the number, count on the dots, then write how many altogether.

|                                |   |  |   |                      |
|--------------------------------|---|--|---|----------------------|
| <input type="text" value="5"/> | + |  | = | <input type="text"/> |
| <input type="text" value="6"/> | + |  | = | <input type="text"/> |
