

Enough? Pay the Shop

Role-play everyday situations that compare collections or use money. Match one-to-one to ask “do we have enough?”, then pay for shop items with \$1 coins where prices are whole dollars.

Do we have enough?

“Is there a pair of scissors for every child in our group?”

kids

scissors

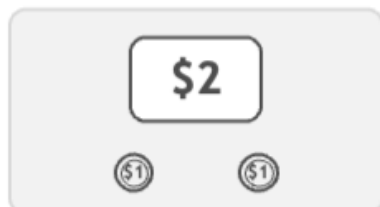

Four children matched to four pairs, one each — yes, we have enough.

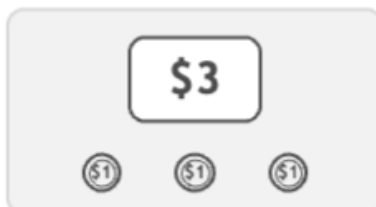

SPOTLIGHT

Pay with \$1 coins

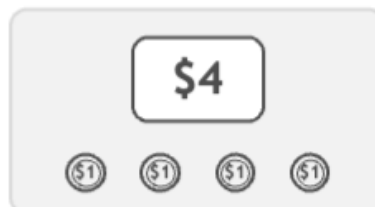

A whole-dollar price needs that many \$1 coins to pay.

\$2 = 2 coins

\$3 = 3 coins

\$4 = 4 coins

Match one-to-one

Give each child an item to check there are enough.

Set up a shop

Price items in whole dollars and role-play buying.

Pay and count

Count out \$1 coins to match each item's price.
