

Count in Stories & Games

Connect quantities to number names and numerals through stories, counting songs and games — including First Nations instructive games such as Segur etug from Mer Island in the Torres Strait.

Three ways to say the same amount

SPOTLIGHT

Segur etug — Mer Island, Torres Strait

A traditional instructive game where players hide and reveal small stones, then name how many. Children count the stones, say the number name and match it to the numeral.

hidden &
shown:

4 = four

Count in stories

Pause on each page to count characters and objects aloud.

Play Segur etug

Hide stones, reveal them, then name and write how many.

Sing & count

Use counting songs, matching numerals to each verse.
