

# Ordinal Position: First to Fifth

Introduce the ordinal words first to fifth and positional language – first, last, before, after and between – using a number track to 20.

## Ordinal words: first to fifth

## Describe positions on the track

### Number track

Lay numeral cards 0-20 and point to first, last and the number before or after a chosen card.

### Line-up games

Line up toys or friends; ask who is first, third, last and who is between two others.

### Story time

Retell stories, songs and rhymes, naming what comes first, second and next.
