

Your Turn: Group & Count

Group each collection to count it. Write how many groups, then quantify the whole collection.

1 How many groups of two?

The counters are looped in twos. Write the groups and any left over.

groups		left	
groups		left	

2 Group eight two ways

Eight counters are shown. Complete each way of grouping them.

Eight is groups of two.

Eight is a group of and a group of .

3 Count the collection

A collection gathered on Country is shown. Loop it into groups of two, then write the total.

total =
