

Your Turn: Say It Both Ways

Look at each split collection. Write the parts both ways, then split the same whole in new ways.

1 Say it both ways

The bar shows five and two. Write the parts both ways in the boxes.

 and
 and

2 Split six three ways

Six is shown. Write three different pairs of parts that make six.

whole = 6

	and		=	
	and		=	
	and		=	

3 Split it and say it

Eight counters are shown. Draw a line to split them, then finish the sentence.

Eight is
