

Your Turn: Show the Parts

Look at each split collection. Subitise the parts, then write how many are in each part.

1 Name each part

The bar is split into two parts. Write how many in each box.

		
		

2 Read the ten-frame

Filled and empty counters show two parts. Write each part and the whole.

●	●	●	●	●
●	○	○		

● filled part

○ empty part

+ =

3 Split it your way

Seven counters are shown. Draw a line to split them, then write the two parts.

+ = 7
