

Make Shapes Together

Use your whole group to make shapes — hold hands to form a big circle, or stand along lines to make a triangle and a square, then talk about the shape you made.

Hold hands

Join hands to make a shape with your group.

Make the shape

Move into a circle, triangle or square.

Name it

Say the shape and count its corners.

Shapes we can make with people.

Circle

Triangle

Square

Modelling routine

1 I do

Show how a ring of children makes a circle — no corners.

2 We do

Make a triangle together and count the three corners.

3 You do

Groups make a shape and name it for the class.
