

Space

04

In this chapter we explore Space — naming and sorting shapes, describing where things are, and giving directions to find our way around.

In this chapter

Shapes

Sort and name 2D shapes and 3D objects around us.

Position

Say where things are — on, under, next to, between.

Directions

Give and follow simple directions and turns.

Big idea

We use maths words to describe shapes and where things are.

Words we will use

next to

on

under

between

in front of

behind

left

right

turn
