

Shapes in Everyday Things

Look closely at everyday objects – bikes, toy cars and pantry items – and find the shapes hiding in their parts: round wheels, rectangle doors and triangle stands.

Look

Look closely at the parts of an object.

Name

Name the shape you can see in each part.

Point out

Point to more of that shape around you.

Everyday parts and the shapes they make.

Circle

Square

Triangle

Rectangle

Modelling routine

1 I do

Point to a bike wheel and say "the wheel is a circle".

2 We do

Find shapes in a toy car and a pantry tin together.

3 You do

Children name the shapes in parts of everyday objects.
