

Your Turn: Count & Compare to 20

Count each collection, write how many, then compare the totals and explain which has more.

1

Count and write

Count the full tens, then count on. Write the total in the box.

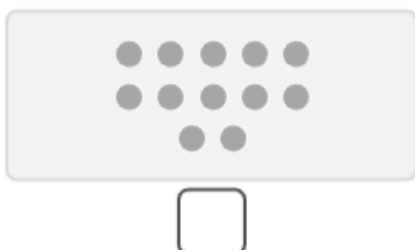

2

Which has more?

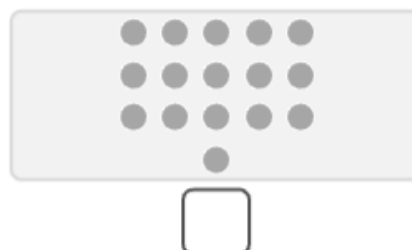

Count each collection. Tick the one with more counters.

Collection A

VS

Collection B

3

Count, write and circle

Write each total, then circle the collection with the most.
