

Your Turn: Which Has More?

Count each collection of like items, then compare the totals to say which has more or fewer.

1 Count and compare

Write how many in each box, then circle the group with more.

2 More, fewer or the same?

Count group A and group B, then circle the sentence that is true.

Group A

Group B

A has more

B has more

the same

3 Which has the fewest?

Count each group. Write the total, then circle the group with the fewest.
