

Learning Goal & How to Use

Learning goal: Recognise, name, represent, write and order the numbers 0 to 5.

Suggested teaching order

1

Say & trace

2

Count objects

3

Match groups

4

Show numbers

5

Order

6

Review

Materials

Pencil, crayons, 5 counters, buttons or blocks, and optional number cards.

Support

Work with one number at a time. Let the child touch and move each object while counting.

Extension

Ask the child to make a group, explain how they know, and show the same number in another way.

Tip: keep practice short and positive – ten focused minutes is plenty for many Foundation learners.
