

Fruit and Vegetable Parts

Observe fruits and vegetables and work out which part of the plant we eat – a root, a flower, a fruit or a leaf.

Look

Look closely at each fruit or vegetable.

Match

Match it to a part of the plant.

Sort

Group foods that come from the same part.

Foods and the plant parts they come from.

carrot
root

broccoli
flower

apple
fruit

lettuce
leaf

Modelling routine

1 I do

Hold up a carrot and say "we eat the root".

2 We do

Sort broccoli, apple and lettuce by plant part.

3 You do

Children name the plant part of their own food.
