

Materials Scavenger Hunt

Use a digital camera to collect images of objects on a materials scavenger hunt. Search for something made of wood, metal, plastic and glass.

Hunt

Look around for different materials.

Photograph

Take a picture of each one you find.

Sort

Group your photos by material.

Hunt for materials and photograph them.

camera

find glass

find paper

Modelling routine

1 I do

Photograph something wooden and name it.

2 We do

Find and photograph metal and glass together.

3 You do

Children hunt for and photograph materials.
