

A Display of Materials

Create a display of different materials, name each one and explore words to describe them. Use words like hard, soft, shiny, rough, smooth and bendy.

Collect

Gather different materials for a display.

Name

Name each material on the display.

Describe

Find words that describe how each one feels.

A display of named materials.

wood

fabric

stone

metal

Modelling routine

1 I do

Name a material and say "it feels smooth".

2 We do

Add describing words to the display together.

3 You do

Children name materials and describe them.
