

Share Our Science Ideas

We help children share questions, predictions, observations and ideas with others, with guidance.

Ask

Share a question about what we see.

Tell

Say our prediction and what we observed.

Show

Show our idea to others.

Ways we share

Ask

Predict

Observe

Show

Modelling routine

1 I do

Model sharing a question and an idea.

2 We do

Share a prediction and observation together.

3 You do

Children share their own idea.
