

Did Our Predictions Match?

We revisit our predictions and, with guidance, decide whether they matched what we observed.

Revisit

Look back at what we predicted.

Compare

Put it next to what we observed.

Decide

Say if it matched or not.

Words we use to check

Predict

Observe

Same

Different

Modelling routine

1 I do

Model looking back at my prediction.

2 We do

Compare it with what we observed.

3 You do

Children say if theirs matched.
