

Group Toys by How They Move

Observe how different toys move, then group them by their movement – some roll, some slide, some bounce and some spin.

Play

Move each toy and watch it.

Name

Say how the toy moves.

Group

Put toys that move the same way together.

Toys grouped by how they move.

toy car
rolls

block
slides

ball
bounces

top
spins

Modelling routine

1 I do

Roll a toy car and say "it rolls".

2 We do

Sort a block, a ball and a top by movement.

3 You do

Children group their toys by how they move.
