

Work Safely in Science

We talk about safe ways to work: be sun safe, do not run with equipment, do not taste objects, and follow instructions.

Sun safe

Wear a hat and stay sun safe outside.

Careful

Walk with equipment and hold it safely.

Ask first

Follow instructions and ask before we taste.

Safe rules we follow

Sun safe

Ask first

No taste

Listen

Modelling routine

1 I do

Model a safe rule and say why it keeps us safe.

2 We do

Practise the safe rules together as a class.

3 You do

Children name and follow a safe rule on their own.
