

Represent and Find Patterns

We help children put their observations into tables and templates, then look for patterns together.

Represent

Put observations into a table or template.

Sort

Group things by what we notice.

Patterns

Look for patterns with guidance.

Ways we represent

Table

Sort

Match

Pattern

Modelling routine

1 I do

Model putting one observation into a table.

2 We do

Sort objects and fill a template together.

3 You do

Children record in a template and find a pattern.
