

Scientists Who Look Closely

Scientists like Jane Goodall and Joseph Banks looked very closely. They drew, collected, recorded sounds and took photos. They asked lots of questions.

Watch

Tell a story about a scientist looking.

Notice

See how they keep what they find.

Ask

Ask questions like a scientist.

Ways scientists look and keep what they see

Draw

Collect

Record

Photo

Modelling routine

1 I do

Show how Jane Goodall watched and drew chimps.

2 We do

Notice how the scientist looked closely.

3 You do

Children pick a way to look and try it.
