Introducing Measurement

INTRO

Did you know?

We measure to compare. We can compare directly — hold two things side by side to see which is longer, heavier, holds more, or takes longer. Don't guess — line them up at the same starting point and compare.

Topic: Comparing Length, Mass, Capacity and Duration

Ref: Maths | Year 1 | MATMATY1_3MEA | Measurement

Name: _____ Date: _____

Compare Length, Mass, Capacity and Time

Length

longer / shorter

Mass

heavier / lighter

Capacity

holds more / less

Time

takes longer / shorter

1. Circle the longer bar: 

2. Which is heavier — a feather or a brick? _____

3. Which holds more — a cup or a bucket? _____

4. Which takes longer — a blink or a nap? _____

5. Order from shortest to longest: crayon, pencil, ruler. _____

Remember: line up the ends at the same start before you compare.
