

Practice: Data in Stories & Symbols

Each symbol stands for one. Read the symbols and answer.

Name: _____ Date: _____

 **Worked Example**
A symbol can stand for one thing, like a tally mark. Three symbols in a row stand for three things.

Q1. If one symbol stands for one, 3 symbols mean how many?

Q2. Can a symbol be used to share information?

yes / no

Q3. A row shows 4 symbols. How many is that?

Q4. Draw or name a symbol for 'sunny day'.

Q5. How many does each symbol stand for here?

Q6. Do stories help us remember and share what we know?

yes / no

Q7. 5 symbols and 1 more make how many?

Q8. How is a symbol like a tally mark?

Explain.
