

Practice: Comparing Duration

Compare how long each event or timer takes. Order from shortest to longest time.

Name: _____

Date: _____

 Worked Example

Two timers start together. The small one empties first — it takes less time. Order: small, medium, big.

Q1. Which takes longer: a blink or a nap?

longer = _____

Q2. Order shortest to longest: night's sleep, one clap, eating lunch.

Q3. Timer A empties before Timer B. Which takes less time?

Q4. Which is a longer duration: one minute or one hour?

Q5. Fill: shortest time, longer, ____ time.

Q6. A big timer runs 5 min, a small one 2 min. Which finishes first?

Q7. Timers run 4, 1, 3 min. Order shortest to longest.

Q8. How do you know which timer takes the longest? Explain.
