

What living things need

Name: _____

Date: _____

WORKED EXAMPLE
A rabbit lives in a burrow. Its home gives it shelter to stay safe. Close by it finds grass to eat (food), water to drink and air to breathe.

Q1
Circle the four things a puppy needs: air, water, food, shelter, a toy.

Q2
Where does a fish live? Tick one: in a tree ☐ in the water ☐

Q3
Draw one food that a bird likes to eat.

Q4
Draw a line to match each animal to its home: bird, bee, dog — hive, kennel, nest.

Q5
Finish the sentence: Plants need water so they can _____.

Q6
A bear sleeps in a cave. What does the cave give the bear? _____.

Q7
Write two things a tree needs to grow: _____ and _____.

Q8 CHALLENGE
Pick an animal. Draw where it lives. Label the food, water and shelter it finds there.
