

Caring for Country

How First Nations peoples care

Animals

Plants

Water

Land

CAN YOU SPOT?

Can you spot living things to care for? How can we help each one?

TEACHER GUIDE

Big idea: First Nations peoples have cared for Country for a very long time, looking after animals, plants, water and land so living things stay healthy. Verify with local First Nations sources.

Ask: What living things can you spot? How can we help each one? How do you care for your own place?
