

Making Models of a Home

Building a habitat model

Pick a living thing

We choose a plant or animal.

Gather materials

We use recycled objects, clay or toys.

Build the place

We model the home it lives in.

Show the needs

We include its food, water and shelter.

TEACHER TALK - MODEL A HOME

Create models of the place a plant or animal lives, using recycled objects, modelling clay, toys or drawings. Include what the living thing needs.
