

Weather Changes Living Things

How weather changes what living things do

Rainy Days

Hot & Sunny

Cold & Frosty

Windy & Stormy

CAN YOU SPOT?

How do plants, animals, and people react to the weather?

TEACHER GUIDE **Big idea:** Weather changes what living things do — how plants, animals and people act on different kinds of days.
Ask: How do plants, animals and people react to each kind of weather? What do you do on a rainy or hot day?
