

Recording What We See

Name: _____

Date: _____

WORKED EXAMPLE

We record our observations in different ways -- through text, drawing, counts, informal measurements, digital photography or video -- so we can remember and share what we noticed.

Q1

Circle ways to record: draw it, count it, take a photo, forget it.

Q2

Tick one: A drawing helps us remember an observation [] or lose it [].

Q3

Fill the gap: We can take a _____ to record what we see.

Q4

Match: draw, count, photograph -- camera, pencil, numbers.

Q5

Draw an observation and write a number to count something in it.

Q6

Record something at home by drawing it. Bring it to share.

Q7 CHALLENGE

Choose a way to record an observation. Write which way you picked.
I will record by: _____
