

Making and Recording Observations

Name: _____

Date: _____

WORKED EXAMPLE

We make observations using our senses and record them. We can measure with cups or blocks, take a photo with a digital tool, and record by drawing, counting or writing.

Q1

Circle ways to observe: look, listen, touch safely, close your eyes.

Q2

Tick one: An observation is something we notice [] or make up [].

Q3

Fill the gap: We can _____ our observation by drawing or writing.

Q4

Match: eyes, ears, hands -- touch, see, hear.

Q5

Draw an object you observed. Label two things you noticed.

Q6

Observe something at home. Draw or tell your class what you noticed.

Q7 CHALLENGE

Look at an object. Write or draw one thing you observe.
I observe: _____
