

Staying Safe as We Investigate

Ways to stay safe

Be sun safe

We wear a hat and stay in the shade outdoors.

Use safe gear

Plastic goggles and aprons keep us safe.

Listen carefully

We follow the teacher's instructions promptly.

Ask if unsure

We ask a grown-up if we are not sure.

TEACHER TALK - SAFETY FIRST

Brainstorm safe ways to investigate: sun safety, using age-appropriate equipment, and following instructions promptly. Praise safe behaviour.
