

# Tracking the Weather

## Showing weather change

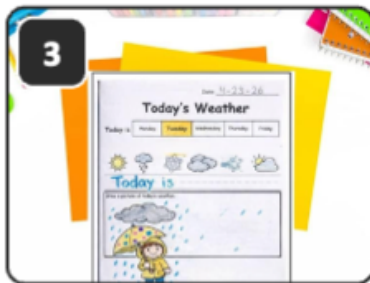

### Observe daily

We look at the weather each day.

### Draw or photograph

We record it with drawings or photos.

### Add to a chart

We put each day on a weather chart.

### Spot the change

We see how weather changes over time.

## TEACHER TALK - WEATHER OVER TIME

Use drawings or photos to document changes in weather over days or weeks. Build a class weather chart and look for changes.
