

Putting Seasons in Order

Name: _____

Date: _____

WORKED EXAMPLE

We order images of seasonal changes across the year. Putting the pictures in order helps us see the pattern of seasons repeating every year.

Q1

Circle the seasons: summer, autumn, winter, Tuesday.

Q2

Tick one: Seasons repeat every year [] or happen once [].

Q3

Fill the gap: We put the season pictures in the right _____.

Q4

Match: summer, winter, autumn -- cold, falling leaves, hot.

Q5

Draw four boxes and put the seasons in order with a picture each.

Q6

Ask at home what season comes next. Draw what it looks like.

Q7 CHALLENGE

Write the season that comes after summer.
After summer comes: _____
