

Before and After Sorting

Name: _____

Date: _____

WORKED EXAMPLE

We use digital photography to show how pushes and pulls change the shape of an object. Then we sort the images into 'before' and 'after' columns of a table.

Q1

Circle what a push can change: the shape of clay, the colour of the sky, a squashed sponge.

Q2

Tick one: A push can change an object's shape [] or its name [].

Q3

Fill the gap: We sort photos into before and _____ columns.

Q4

Match: before, push, after -- new shape, first shape, force.

Q5

Draw a 'before' and 'after' picture of squashing playdough.

Q6

Squash something soft at home. Draw the before and after shapes.

Q7 CHALLENGE

Draw an object before and after you squash it.

Before: _____ After: _____
