

Signs in the Land and Sky

Name: _____

Date: _____

WORKED EXAMPLE

First Nations Australians watch signs in the land and sky -- flowering plants, stars, animal behaviour and weather -- to know the best time to gather certain foods and resources.

Q1

Circle signs of a season: flowers opening, stars in the sky, a red car, birds nesting.

Q2

Tick one: When a plant flowers it can show the time to gather food [] or the time to sleep [].

Q3

Fill the gap: We can look at the _____ at night to help tell the season.

Q4

Match: flowers, stars, animals -- sky, plant, nest.

Q5

Draw the sky in your favourite season. Label one thing you can see.

Q6

Look outside tonight and this morning. Draw one sign that shows what season it is.

Q7 CHALLENGE

Write one sign in nature that tells us a season is changing.

One sign: _____
