

Learning from Wildlife Carers

Name: _____

Date: _____

WORKED EXAMPLE

Ecologists and wildlife carers watch native animals closely. Then they design supports -- nesting boxes, frog and insect hotels, or homes from recycled materials -- to help animals meet their needs.

Q1

Circle homes people build for animals: nesting box, frog hotel, insect hotel, ice cream.

Q2

Tick one: A nesting box gives a bird a place to rest [] or a place to swim [].

Q3

Fill the gap: A wildlife carer _____ an animal to learn what it needs.

Q4

Match: bird, frog, insect -- insect hotel, nesting box, frog hotel.

Q5

Design an insect hotel from recycled things. Label two materials you used.

Q6

Find a safe spot at home for a small animal home. Draw your idea and what it is made from.

Q7 CHALLENGE

Choose an animal. Write one home you could build to help it.
My animal and home: _____
