

Questions About Animal Needs

Name: _____

Date: _____

WORKED EXAMPLE

We can ask questions about how animals meet their needs, such as 'Where does it shelter? Where does it get water from?' Then we predict the answer using clues.

Q1

Circle animal-need questions: Where does it sleep? What is its name? How does it get water?

Q2

Tick one: Animals need shelter to stay safe [] or to look pretty [].

Q3

Fill the gap: We ask where an animal finds its _____ to drink.

Q4

Match: shelter, water, food -- pond, burrow, seeds.

Q5

Draw an animal in its home. Label where it finds shelter and water.

Q6

Watch an animal near home. Tell your class one way it meets a need.

Q7 CHALLENGE

Choose an animal. Write one question about how it meets a need.
My question: _____
