

Questions About Pushes and Pulls

Asking about pushes and pulls

Push harder

Does a toy car go further if we push it harder?

Push softer

What happens with a small, gentle push?

Pull it

Does a pull move it a different way?

Predict first

We guess what will happen before we try.

TEACHER TALK - FORCE QUESTIONS

Roll a toy car with a big and a small push. Ask children to pose questions like 'Does a toy car go further if it is pushed harder?' and predict the answer.
