

Predicting What Plants Need

Name: _____

Date: _____

WORKED EXAMPLE

We make predictions about what plants need, such as 'I think a plant will die if it doesn't get enough water.' Then we watch to see if our prediction is right.

Q1

Circle what a plant needs: water, sunlight, a phone, soil.

Q2

Tick one: Without water a plant will wilt [] or run away [].

Q3

Fill the gap: I predict a plant will _____ if it gets no water.

Q4

Match: water, light, soil -- roots, leaves, drink.

Q5

Draw two plants: one with water, one without. Show what happens.

Q6

Water a plant at home for a week. Draw how it changed.

Q7 CHALLENGE

Write a prediction about what a plant needs to grow.
I predict: _____
